مسوودة "اسكتش" من اعمال ليان شوابكة

شوابكة.مسوودة لوحة "اسكتش" من اعمال الفنانة الراحلة ليان

The second project.

its a project of a series of paintings dealing with same metaphysical concept, but each of it a different content.

its about a world of an Normal woman, lacks of feminine features, ugly, weak, Freaking sometime, infertile according to humanbeings standers. But in the same time she has a permanant pregnancy, ^{in which all the normal woman would envy her for} she doesn't and her fetus isn't a baby is something Mysterious capable to ~~test~~ remain ene after, as soon as she gives the birth she gets pregnant again, it's the ~~source~~ source of her strength source, which keep her alive, she belongs some how to human world but still has here own alienated world.

In th painting I depicted this ~~the~~ women with the pose of giving birth. She is astonished, shocked because its the first to happen in that metaphysical world

all the women of that kind ~~have~~ don't
dare to do such a thing. They just
keep their pregnancy, while giving birth gives
~~more strength~~ makes that woman becomes
stronger.
