A Video of footage of the IOF Attacking the Students of al-Mamounia School for Girls- Jerusalem, 1974

This old video clip documents footage of the Israeli Occupation Forces (IOF) attacking a demonstration of female students at al-Mamounia School for Girls in Jerusalem in 1974. It is noteworthy that the demonstrations took place in Jerusalem and the West Bank at that time in response to the killing and burning of three freedom fighters from the Democratic Front for the Liberation of Palestine, as shown in the video after they carried out a commando operation in Bisan on 19 November 1974.
