\* The idea of this project comes as areaction of Jerusalem 3000 years .

Naab/45 ←

\* Jerusalem 6000 years . Why ?

\* What are the main objectives of this project .

\* Diagnosing the on-going tourism situation in East Jerusalem .

1)Is tourism suffering from retreat or restriction ? Why ?

2)What is the best way to make this project succeed

3)Are there any risks from dicussing this project ?

4)What tourism services available in East Jerusalem and other territories ?

5)These sevicees go with the needs of this project compared of those in West Jerusalem .

6)What Palestinian requirements are to be available to make this project succeed .

\* The project period suggested.

\* The project will begin in ..... .

\* The project will last for ..... .

\* Is it enough for this project to last one year two years, three years, or will it last for ever in order to be a lasting phenomenon the same as Damascus International Exhibition ?

\* Cost and Fund

A. Which establishment will be responsible for supporting and fund.

B. Which establishment will be responsible for pushing the balance sheet and calculating the expenditures?

C. Which establishment will be responsible for giving the permission of spending.

From this study the ideas which may help in succeeding this project will be clear and the programmes of the staff will be given .

\* Is it necessary for this to be independent Palestinian one?

\* Is it necessary for a broadcasting section in order to succeed ?

\* Is it necessary to make a festival to pronounce the beginning?

\* At the end of the workshop principles are presented .

⇒ Who is the beneficial

⇒ Economic evaluation

On evaluating the project, it will be able to choose and from the staff needed ( Who are the best members suitable for this project ).
