Agricultural Extension Journal, Issue No.1, March 1947

Printed in Arabic, this 1-page document shows the cover of the first issue of the Agricultural Extension Journal issued in March 1947. Previously published at Near East Foundation "Institute of Rural Life", this free issue is issued by the Agricultural Extension Department at the Ministry of National Economy in Damascus, which is re-published and re-distributed by the Ministry of National Economy by mutual agreement with the mentioned institute. It consists of an article titled "Preserving Soil in Rainfed agriculture" by Halim Najjar.
